EASTER COURSE

WHAT IS IT?

Easter Course is an international training course, for young leaders from European Fellowship's and Fimcap's member organisations. At the course you will meet young leaders from all around Europe, and together you will play games, debate, learn about each others cultures and have fun together. The course is build around group dynamics in a fun, informal context.

The programme consist of both formal sessions e.g. workshops, games and discussions, and more informal social events where you will have the possibility to get to know each other across organisations and countries.

THEME

Under the theme "agree to disagree" you will learn to form a group with people, not having to ignore harder, more difficult topics in society, that tend to divide us more than bind us together. Learn how to use these different opinions as a strength instead of a weakness.

- Know about question theory and how to give constructive feedback
- Have a finished activity to bring home.
- Have lots of intercultural experiences and exchanges
